To achieve the Upper Level Black Shirt, which designates the more advanced and experienced students of WingChun, there are special requirements to guarantee the high-quality standard of the IAW. Therefore, Testing in the Upper Levels and Technician Grades is only allowed to those who regularly attend WingChun classes. This consistent participation must be confirmed by the training Instructor before any Testing. Furthermore, before any subsequent Testing, screening by the training Instructor must first be passed. This Pre-Testing evaluates both the current Program and the curriculum of previous Levels.

**Checklist for Advanced Testing (9<sup>th</sup> Student Level and above)**

- Good Attendance: Participation in at least 2 Regular Classes per week during the preceding 12 months
- Weapon Skills: Participation in at least 2 Escrima Classes during the preceding 12 months
- Combat Ability: Participation in at least 2 Combat Classes during the preceding 12 months
- Pre-Testing: Cumulative evaluation by training Instructor at least 4 weeks before Testing
